Vision

To become a global leader in the export of high-quality, sustainable cocopeat and coco fiber, meeting the demands of the European and Northern Asian markets while contributing to Indonesia's economic growth.

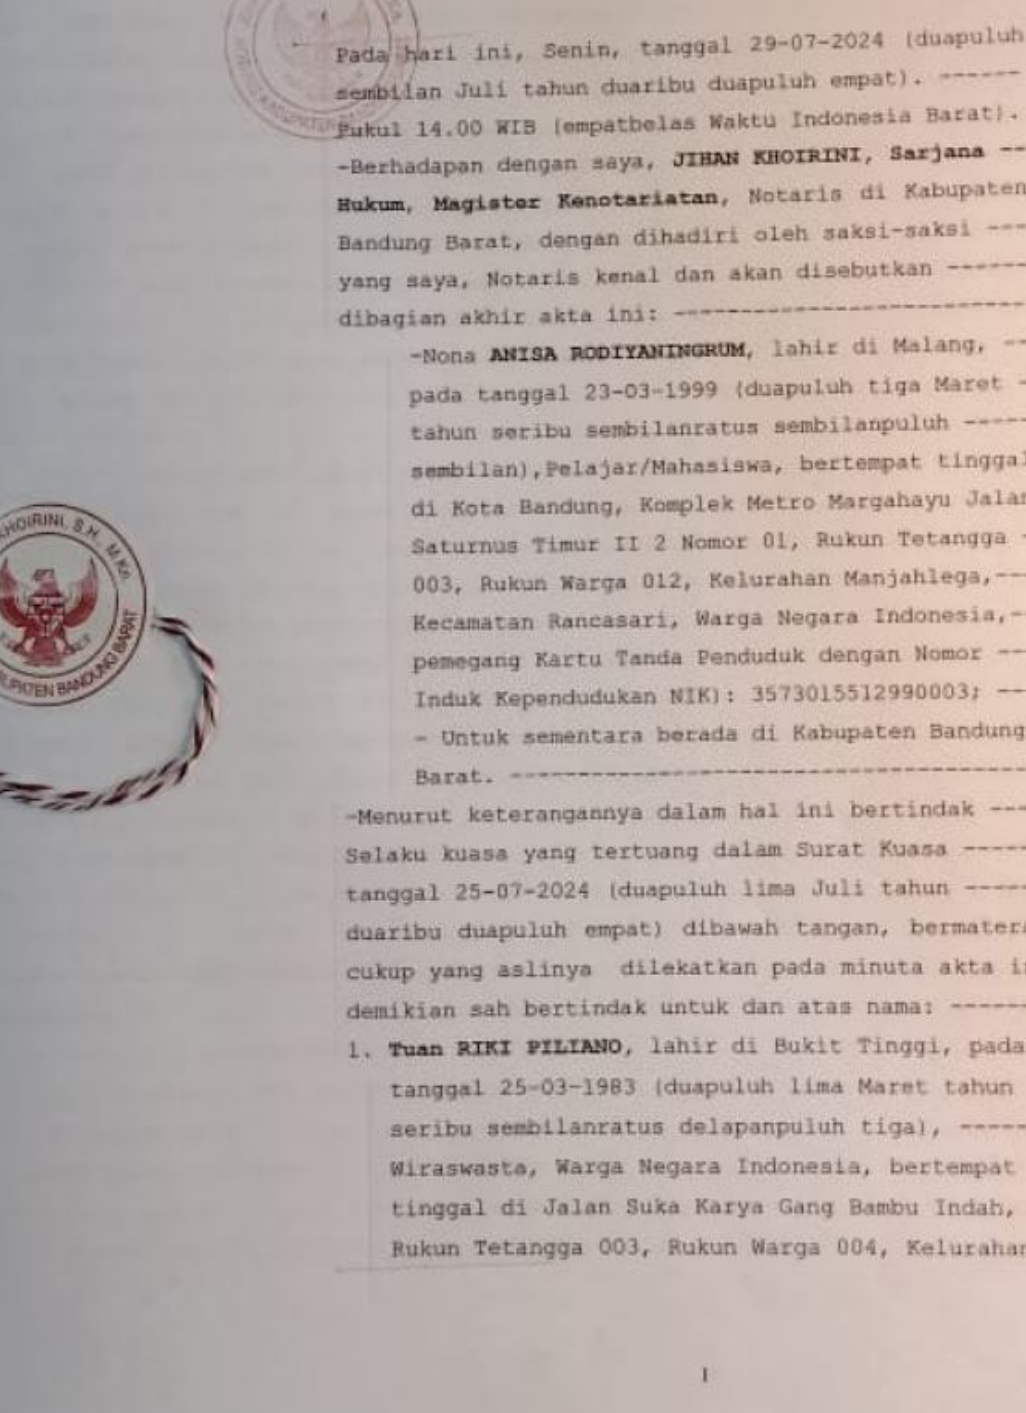

Mission

- 1 Deliver High-Quality Products**
To produce and export premium cocopeat and coco fiber that meet international standards, focusing on sustainability and innovation.
- 2 Commit to Sustainability**
To implement eco-friendly and sustainable production practices, preserving ecosystems, and supporting local farmers in resource management.
- 3 Enhance Global Competitiveness**
To build a strong distribution network in the European and Northern Asian markets, continuously expanding market reach through strategic partnerships and improved service quality.
